To our beloved Toddlers College Parents/Guardians

**Re: Clinic health cards and registration forms.**

Good day to you all parents and guardians of our wonderful children. We hereby write this notice to inform you that kids are advised to bring their baby clinic health cards to school before 3 June 2024.

Parents are also reminded to bring back registration forms attached with child`s passport size photo. We are kindly advising you to fill all the spaces provided on those forms with all the information needed.

We thank you for your attention and your continued support for our children, the school management and all its stakeholders.

Thank you.

Sincerely,

The Toddlers Management.
